**BUFFETED BY THE WINDS OF CHANGE**

We all know the feeling, don't we? Smooth sailing has a habit of tossing up unexpected storms of one kind or another, that threatens to blow us off course. Winds of change blow up on the open waters as just as they do in everyday life.

And now they are buffeting our church. Covid, amalgamation, sale of property to meet the cost of redress to victims of abuse, have come together in a super storm, at a time when we are already seriously challenged by our lack of progress in connecting with the community beyond the church. We can't hide anymore from the fact that our church appears to be heading for extinction, unless we are prepared to do what it takes to connect with younger families, with the Good News of Jesus that makes sense to their life in the twenty-first century.

The glimmer of hope that I see for Byron Anglicans, is twofold. Firstly, it is visible for all to see in the faithful worshipping people in the parish who practice the Presence of God in their lives. Secondly, I see that glimmer of hope in the faith of the people of the parish in adopting a radical Mission Action Plan, which sets out to nurture the family of God, and intentionally sets out to connect with the community in the appointment of a Community Minister, with a ministry imperative of leading the church into a new era of connection with those outside.

There will inevitably be enormous challenges for all of us, as

creative, but wise decisions are entered into as we venture into this new future with our God. In the gospel story today of Jesus being present with the disciples in their perilous journey, we too take heart that God is with us. The Holy Spirit inspires us with faith to find the course ahead, no matter how uncertain the way sometimes seems.
